

POST HASTE

The fast life in Puddington has to be faced,
Even the post is delivered in haste.
Our mailman Dave is on his toes,
When jogging from home to home he goes.

And though we're a village and not a town,
Our Council would like us all to slow down
A limit of 30 miles per hour
May soon put this wish within their power.

A bonus! This turning of legal cogs
Will grant us more power over messy dogs.
Puddington village soon will aspire
To be clean under foot – not a doggie mire
